Three Best Rated® was created with a simple goal to find you the top three local businesses per category per city. Our employees Handpick Top 3 local businesses per category. We display only businesses that are verified by our employees since customers deserve only the best in life.

Businesses DO NOT pay us to list them ever. You DO NOT pay us for the listing any time. We believe that local businesses provide better and personal services locally. Local businesses know your city better since they live there too. Our policy is free to list because if you can pay to list, then is it really the best business?
